

Overview

For my final project, I am going to build a digital resume that will showcase all of the basic information about my skills and education, link back to my (future) portfolio page, and visually display my new skills in JavaScript/HTML & CSS.

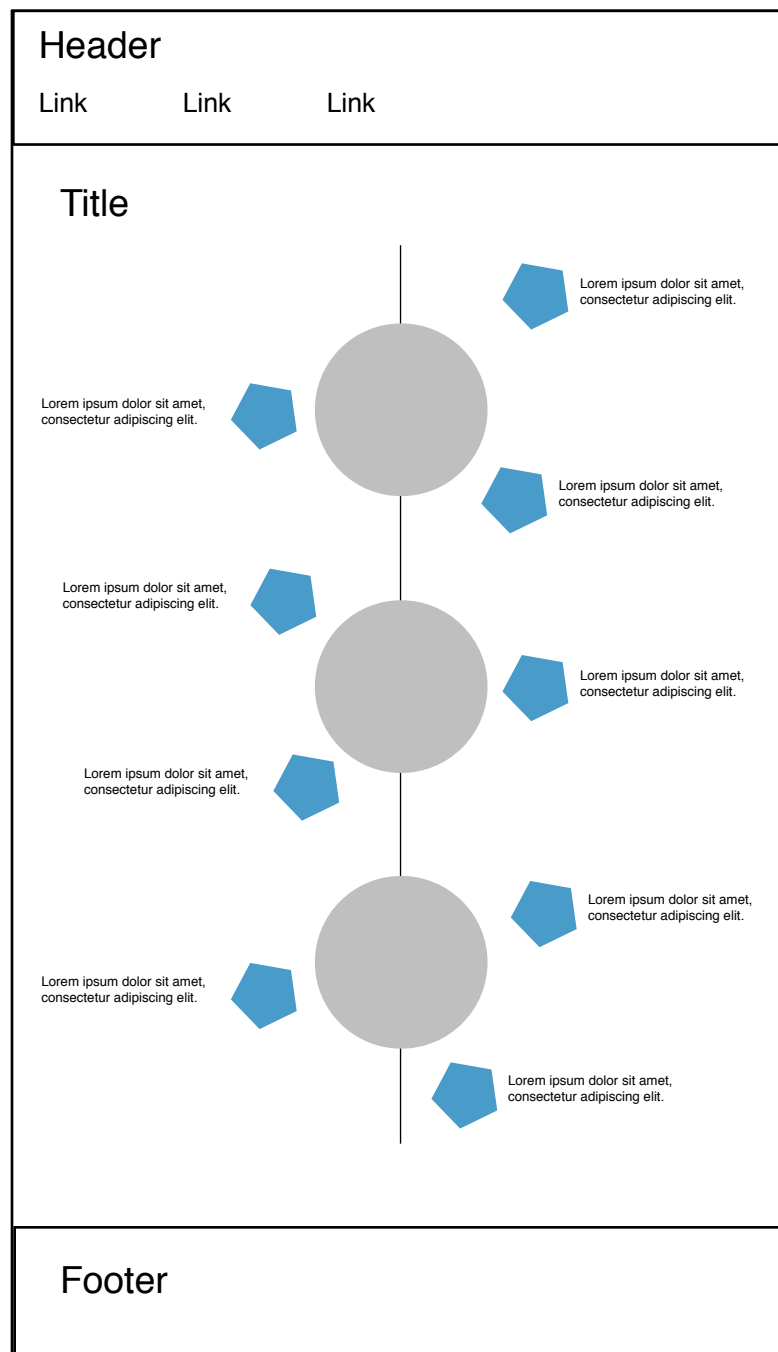

Inspiration

Manchester Metropolitan University page
<http://mmunionbuild.co.uk/>

Technical Notes

- Single page site with timeline effect (jQuery/JavaScript)
- Will have clickable elements with pop-up information
- Still unsure how this will appear on a mobile browser

Wireframe

Functionality:

Header is fixed
Links to future portfolio site and external social networks
CSS & HTML

Functionality:

Scrolling effect in which smaller bubbles begin to appear as you scroll down the page with various pieces of resume information.

Larger bubbles represent:

Experience
Education
Etc.

Implementation:

jQuery
